**His Exzellery  
Donald John Trump  
in his capacity as the 19<sup>th</sup> President of the United States of America**

with the request for forwarding to all responsible for the German people, allies and/or occupiers (according to SHAEF and SMAD).

**Call for help of the German people because of presently committed genocide in violation of the Nuremberg Code and the CPPCG.**

For the given occasion, the authors of this letter,

***declared living and denazified people of all German tribes  
(men, women, boys and girls),***

approach our brothers and sisters of the Allied Protecting Powers, urgently calling for protection and help; a call which the authors also sent out into the universe.

We, the authors of this letter, representing all German people, ask to immediately stop the tribulation that we have suffered from for 100 years as well as the currently carried out genocide by means of torture and most serious bodily harm to all German tribes. We appeal not only as moral supplicants but also as your subjects entrusted by treaty.

In this context, the authors of this letter also refer to the international treaties signed by all victorious powers such as:

- Geneva Conventions, Book IV relative to the Protection of Civilian Persons (1949),
- International Covenant on Civil and Political Rights, ICCPR,
- Convention on the Prevention and Punishment of the Crime of Genocide, CPPCG,
- Hague Land Warfare Convention (HLKO), and international human rights law,
- General Assembly Resolution 217 A(III) of December 1948 - Universal Declaration of Human Rights,
- as well as the Nuremberg Code (1947) mentioned earlier.

Considering the seriousness of the situation for life and limb of all German tribes, we explicitly approach you:

**Donald John Trump**

We ask for hearing as well as the immediate stop of all current actions which are directed against all German tribes. We, the authors of this letter, urge you to contact us in order to provide further assistance.
